Diversity and equal opportunity policy:

Ausway Transport believes that the increased diversity within a company allows for a competitive advantage within the transport industry. It reflects on the company's open mindedness and willingness to accept people of genders, all ethnicities, and cultural, political and religious backgrounds. Such diverse environments ensure the widespread of talents, experiences and abilities, and guarantee the success in operation of the company. This allows employees to be able to work in an environment without having to restrain their views and ideas that will lead to accomplishment within the workforce.

Any questions concerning Diversity and equal opportunity policy matters should be directed to your supervisor, manager or Ausway Transport's National Compliance & Safety Manager.
